

## Dog Harness – Measurements Required (in inches)

- 1 Circumference at base of neck.**
- 2 Length from base of neck to position of belly girth strap.**
- 3 Circumference of belly, a comfortable distance behind elbow.**
- 4 Length from base of neck above chest, between front legs, to the belly girth strap position.**

**NB. For small harness, ensure measurement no 1. will fit over the dog's head, as there is no buckle opening.**
